## TITLE I

**SUBJECT MATTER AND SCOPE***Article 1*

1. This Directive establishes the common system of value added tax (VAT).
2. The principle of the common system of VAT entails the application to goods and services of a general tax on consumption exactly proportional to the price of the goods and services, however many transactions take place in the production and distribution process before the stage at which the tax is charged.

On each transaction, VAT, calculated on the price of the goods or services at the rate applicable to such goods or services, shall be chargeable after deduction of the amount of VAT borne directly by the various cost components.

The common system of VAT shall be applied up to and including the retail trade stage.

*Article 2*

1. The following transactions shall be subject to VAT:
  - (a) the supply of goods for consideration within the territory of a Member State by a taxable person acting as such;

**▼B**

(b) the intra-Community acquisition of goods for consideration within the territory of a Member State by:

**▼M27**

(i) a taxable person acting as such, or a non-taxable legal person, where the vendor is a taxable person acting as such who is not eligible for the exemption for small enterprises provided for in Article 284 and who is not covered by Article 33 or 36;

**▼B**

(ii) in the case of new means of transport, a taxable person, or a non-taxable legal person, whose other acquisitions are not subject to VAT pursuant to Article 3(1), or any other non-taxable person;

(iii) in the case of products subject to excise duty, where the excise duty on the intra-Community acquisition is chargeable, pursuant to Directive 92/12/EEC, within the territory of the Member State, a taxable person, or a non-taxable legal person, whose other acquisitions are not subject to VAT pursuant to Article 3(1);

(c) the supply of services for consideration within the territory of a Member State by a taxable person acting as such;

(d) the importation of goods.

2. (a) For the purposes of point (ii) of paragraph 1(b), the following shall be regarded as ‘means of transport’, where they are intended for the transport of persons or goods:

(i) motorised land vehicles the capacity of which exceeds 48 cubic centimetres or the power of which exceeds 7,2 kilowatts;

(ii) vessels exceeding 7,5 metres in length, with the exception of vessels used for navigation on the high seas and carrying passengers for reward, and of vessels used for the purposes of commercial, industrial or fishing activities, or for rescue or assistance at sea, or for inshore fishing;

(iii) aircraft the take-off weight of which exceeds 1 550 kilograms, with the exception of aircraft used by airlines operating for reward chiefly on international routes.

(b) These means of transport shall be regarded as ‘new’ in the cases:

(i) of motorised land vehicles, where the supply takes place within six months of the date of first entry into service or where the vehicle has travelled for no more than 6 000 kilometres;

(ii) of vessels, where the supply takes place within three months of the date of first entry into service or where the vessel has sailed for no more than 100 hours;

**▼B**

(iii) of aircraft, where the supply takes place within three months of the date of first entry into service or where the aircraft has flown for no more than 40 hours.

(c) Member States shall lay down the conditions under which the facts referred to in point (b) may be regarded as established.

**▼M7**

3. ‘Products subject to excise duty’ shall mean energy products, alcohol and alcoholic beverages and manufactured tobacco, as defined by current Community legislation, but not gas supplied through a natural gas system situated within the territory of the Community or any network connected to such a system.

**▼B***Article 3*

1. By way of derogation from Article 2(1)(b)(i), the following transactions shall not be subject to VAT:

(a) the intra-Community acquisition of goods by a taxable person or a non-taxable legal person, where the supply of such goods within the territory of the Member State of acquisition would be exempt pursuant to Articles 148 and 151;

(b) the intra-Community acquisition of goods, other than those referred to in point (a) and Article 4, and other than new means of transport or products subject to excise duty, by a taxable person for the purposes of his agricultural, forestry or fisheries business subject to the common flat-rate scheme for farmers, or by a taxable person who carries out only supplies of goods or services in respect of which VAT is not deductible, or by a non-taxable legal person.

2. Point (b) of paragraph 1 shall apply only if the following conditions are met:

(a) during the current calendar year, the total value of intra-Community acquisitions of goods does not exceed a threshold which the Member States shall determine but which may not be less than EUR 10 000 or the equivalent in national currency;

(b) during the previous calendar year, the total value of intra-Community acquisitions of goods did not exceed the threshold provided for in point (a).

The threshold which serves as the reference shall consist of the total value, exclusive of VAT due or paid in the Member State in which dispatch or transport of the goods began, of the intra-Community acquisitions of goods as referred to under point (b) of paragraph 1.

3. Member States shall grant taxable persons and non-taxable legal persons eligible under point (b) of paragraph 1 the right to opt for the general scheme provided for in Article 2(1)(b)(i).

**▼B**

Member States shall lay down the detailed rules for the exercise of the option referred to in the first subparagraph, which shall in any event cover a period of two calendar years.

*Article 4*

In addition to the transactions referred to in Article 3, the following transactions shall not be subject to VAT:

- (a) the intra-Community acquisition of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), where the vendor is a taxable dealer acting as such and VAT has been applied to the goods in the Member State in which their dispatch or transport began, in accordance with the margin scheme provided for in Articles 312 to 325;
- (b) the intra-Community acquisition of second-hand means of transport, as defined in Article 327(3), where the vendor is a taxable dealer acting as such and VAT has been applied to the means of transport in the Member State in which their dispatch or transport began, in accordance with the transitional arrangements for second-hand means of transport;
- (c) the intra-Community acquisition of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), where the vendor is an organiser of sales by public auction, acting as such, and VAT has been applied to the goods in the Member State in which their dispatch or transport began, in accordance with the special arrangements for sales by public auction.

1. In view of the conventions and treaties concluded with France, the United Kingdom and Cyprus respectively, the Principality of Monaco, the Isle of Man and the United Kingdom Sovereign Base Areas of Akrotiri and Dhekelia shall not be regarded, for the purposes of the application of this Directive, as third countries.

2. Member States shall take the measures necessary to ensure that transactions originating in or intended for the Principality of Monaco are treated as transactions originating in or intended for France, that transactions originating in or intended for the Isle of Man are treated as transactions originating in or intended for the United Kingdom, and that transactions originating in or intended for the United Kingdom Sovereign Base Areas of Akrotiri and Dhekelia are treated as transactions originating in or intended for Cyprus.

**▼B**

TITLE III  
TAXABLE PERSONS

*Article 9*

1. ‘Taxable person’ shall mean any person who, independently, carries out in any place any economic activity, whatever the purpose or results of that activity.

Any activity of producers, traders or persons supplying services, including mining and agricultural activities and activities of the professions, shall be regarded as ‘economic activity’. The exploitation of tangible or intangible property for the purposes of obtaining income therefrom on a continuing basis shall in particular be regarded as an economic activity.

2. In addition to the persons referred to in paragraph 1, any person who, on an occasional basis, supplies a new means of transport, which is dispatched or transported to the customer by the vendor or the customer, or on behalf of the vendor or the customer, to a destination outside the territory of a Member State but within the territory of the Community, shall be regarded as a taxable person.

*Article 10*

The condition in Article 9(1) that the economic activity be conducted ‘independently’ shall exclude employed and other persons from VAT in so far as they are bound to an employer by a contract of employment or by any other legal ties creating the relationship of employer and employee as regards working conditions, remuneration and the employer’s liability.

*Article 11*

After consulting the advisory committee on value added tax (hereafter, the ‘VAT Committee’), each Member State may regard as a single taxable person any persons established in the territory of that Member State who, while legally independent, are closely bound to one another by financial, economic and organisational links.

A Member State exercising the option provided for in the first paragraph, may adopt any measures needed to prevent tax evasion or avoidance through the use of this provision.

*Article 12*

1. Member States may regard as a taxable person anyone who carries out, on an occasional basis, a transaction relating to the activities referred to in the second subparagraph of Article 9(1) and in particular one of the following transactions:

(a) the supply, before first occupation, of a building or parts of a building and of the land on which the building stands;

**▼B**

(b) the supply of building land.

2. For the purposes of paragraph 1(a), 'building' shall mean any structure fixed to or in the ground.

Member States may lay down the detailed rules for applying the criterion referred to in paragraph 1(a) to conversions of buildings and may determine what is meant by 'the land on which a building stands'.

Member States may apply criteria other than that of first occupation, such as the period elapsing between the date of completion of the building and the date of first supply, or the period elapsing between the date of first occupation and the date of subsequent supply, provided that those periods do not exceed five years and two years respectively.

3. For the purposes of paragraph 1(b), 'building land' shall mean any unimproved or improved land defined as such by the Member States.

*Article 13*

1. States, regional and local government authorities and other bodies governed by public law shall not be regarded as taxable persons in respect of the activities or transactions in which they engage as public authorities, even where they collect dues, fees, contributions or payments in connection with those activities or transactions.

However, when they engage in such activities or transactions, they shall be regarded as taxable persons in respect of those activities or transactions where their treatment as non-taxable persons would lead to significant distortions of competition.

In any event, bodies governed by public law shall be regarded as taxable persons in respect of the activities listed in Annex I, provided that those activities are not carried out on such a small scale as to be negligible.

**▼A1**

2. Member States may regard activities, exempt under Articles 132, 135, 136 and 371, Articles 374 to 377, Article 378(2), Article 379(2) or Articles 380 to 390b, engaged in by bodies governed by public law as activities in which those bodies engage as public authorities.

If the goods are dispatched or transported to a country other than the Member State from which they were initially moved, it shall be deemed that the conditions set out in paragraphs 2 and 6 cease to be fulfilled immediately before such dispatch or transport starts.

In the event of the destruction, loss or theft of the goods, it shall be deemed that the conditions set out in paragraphs 2 and 6 cease to be fulfilled on the date that the goods were actually removed or destroyed, or, if it is impossible to determine that date, the date on which the goods were found to be destroyed or missing.

*Article 19*

In the event of a transfer, whether for consideration or not or as a contribution to a company, of a totality of assets or part thereof, Member States may consider that no supply of goods has taken place and that the person to whom the goods are transferred is to be treated as the successor to the transferor.

Member States may, in cases where the recipient is not wholly liable to tax, take the measures necessary to prevent distortion of competition. They may also adopt any measures needed to prevent tax evasion or avoidance through the use of this Article.

*CHAPTER 2**Intra-Community acquisition of goods**Article 20*

‘Intra-Community acquisition of goods’ shall mean the acquisition of the right to dispose as owner of movable tangible property dispatched or transported to the person acquiring the goods, by or on behalf of the vendor or the person acquiring the goods, in a Member State other than that in which dispatch or transport of the goods began.

Where goods acquired by a non-taxable legal person are dispatched or transported from a third territory or a third country and imported by that non-taxable legal person into a Member State other than the Member State in which dispatch or transport of the goods ends, the goods shall be regarded as having been dispatched or transported from the Member State of importation. That Member State shall grant the importer designated or recognised under Article 201 as liable for payment of VAT a refund of the VAT paid in respect of the importation of the goods, provided that the importer establishes that VAT has been applied to his acquisition in the Member State in which dispatch or transport of the goods ends.

**▼M6**

The application by the armed forces of a State party to the North Atlantic Treaty, for their use or for the use of the civilian staff accompanying them, of goods which they have not purchased subject to the general rules governing taxation on the domestic market of a Member State shall be treated as an intra-Community acquisition of goods for consideration, where the importation of those goods would not be eligible for the exemption provided for in Article 143(1)(h).

**▼B***Article 23*

Member States shall take the measures necessary to ensure that a transaction which would have been classed as a supply of goods if it had been carried out within their territory by a taxable person acting as such is classed as an intra-Community acquisition of goods.

- (b) the supply of services carried out free of charge by a taxable person for his private use or for that of his staff or, more generally, for purposes other than those of his business.

2. Member States may derogate from paragraph 1, provided that such derogation does not lead to distortion of competition.

*Article 27*

In order to prevent distortion of competition and after consulting the VAT Committee, Member States may treat as a supply of services for consideration the supply by a taxable person of a service for the purposes of his business, where the VAT on such a service, were it supplied by another taxable person, would not be wholly deductible.

*Article 28*

Where a taxable person acting in his own name but on behalf of another person takes part in a supply of services, he shall be deemed to have received and supplied those services himself.

- (3) ‘multi-purpose voucher’ means a voucher, other than a single-purpose voucher.

*Article 30b*

1. Each transfer of a single-purpose voucher made by a taxable person acting in his own name shall be regarded as a supply of the goods or services to which the voucher relates. The actual handing over of the goods or the actual provision of the services in return for a single-purpose voucher accepted as consideration or part consideration by the supplier shall not be regarded as an independent transaction.

Where a transfer of a single-purpose voucher is made by a taxable person acting in the name of another taxable person, that transfer shall be regarded as a supply of the goods or services to which the voucher relates made by the other taxable person in whose name the taxable person is acting.

Where the supplier of goods or services is not the taxable person who, acting in his own name, issued the single-purpose voucher, that supplier shall however be deemed to have made the supply of the goods or services related to that voucher to that taxable person.

**▼M15**

2. The actual handing over of the goods or the actual provision of the services in return for a multi-purpose voucher accepted as consideration or part consideration by the supplier shall be subject to VAT pursuant to Article 2, whereas each preceding transfer of that multi-purpose voucher shall not be subject to VAT.

**▼M21***Article 36a*

2. By way of derogation from paragraph 1, the dispatch or transport shall be ascribed only to the supply of goods by the intermediary operator where the intermediary operator has communicated to his supplier the VAT identification number issued to him by the Member State from which the goods are dispatched or transported.

In the case of a return trip, the return leg shall be regarded as a separate transport operation.

3. The Commission shall, at the earliest opportunity, present to the Council a report, accompanied if necessary by appropriate proposals, on the place of taxation of the supply of goods for consumption on board and the supply of services, including restaurant services, for passengers on board ships, aircraft or trains.

Pending adoption of the proposals referred to in the first subparagraph, Member States may exempt or continue to exempt, with deductibility of the VAT paid at the preceding stage, the supply of goods for consumption on board in respect of which the place of taxation is determined in accordance with paragraph 1.

**▼M7****Section 4****Supplies of gas through a natural gas system, of electricity and of heat or cooling energy through heating and cooling networks***Article 38*

In the absence of such a place of business or fixed establishment, the customer shall be deemed to have used and consumed the goods at the place where he has his permanent address or usually resides.

**▼B***CHAPTER 2**Place of an intra-Community acquisition of goods**Article 40*

The place of an intra-Community acquisition of goods shall be deemed to be the place where dispatch or transport of the goods to the person acquiring them ends.

*Article 41*

Without prejudice to Article 40, the place of an intra-Community acquisition of goods as referred to in Article 2(1)(b)(i) shall be deemed to be within the territory of the Member State which issued the VAT identification number under which the person acquiring the goods made the acquisition, unless the person acquiring the goods establishes that VAT has been applied to that acquisition in accordance with Article 40.

If VAT is applied to the acquisition in accordance with the first paragraph and subsequently applied, pursuant to Article 40, to the acquisition in the Member State in which dispatch or transport of the goods ends, the taxable amount shall be reduced accordingly in the Member State which issued the VAT identification number under which the person acquiring the goods made the acquisition.

**▼B**

- (a) transactions referred to in Article 169;
- (b) transactions for which the tax is solely payable by the customer in accordance with Articles 194 to 197 or Article 199.

The existing restrictions pursuant to Article 2(2) and Article 4(2) of Directive 86/560/EEC may be retained.

To that end, Member States may exclude the taxable person who is liable to pay the tax from the refund procedure pursuant to Directives 86/560/EEC or 2008/9/EC.

The deductible proportion shall be determined, in accordance with Articles 174 and 175, for all the transactions carried out by the taxable person.

**▼B**

2. Member States may take the following measures:

- (a) authorise the taxable person to determine a proportion for each sector of his business, provided that separate accounts are kept for each sector;

- (e) provide that, where the VAT which is not deductible by the taxable person is insignificant, it is to be treated as nil.

*Article 174*

- (c) the amount of turnover attributable to the transactions specified in points (b) to (g) of Article 135(1) in so far as those transactions are incidental.

3. Where Member States exercise the option under Article 191 not to require adjustment in respect of capital goods, they may include disposals of capital goods in the calculation of the deductible proportion.

**▼B***Article 175*

1. The deductible proportion shall be determined on an annual basis, fixed as a percentage and rounded up to a figure not exceeding the next whole number.
2. The provisional proportion for a year shall be that calculated on the basis of the preceding year's transactions. In the absence of any such transactions to refer to, or where they were insignificant in amount, the deductible proportion shall be estimated provisionally, under the supervision of the tax authorities, by the taxable person on the basis of his own forecasts.

However, Member States may retain the rules in force at 1 January 1979 or, in the case of the Member States which acceded to the Community after that date, on the date of their accession.

3. Deductions made on the basis of such provisional proportions shall be adjusted when the final proportion is fixed during the following year.

*CHAPTER 3**Restrictions on the right of deduction**Article 176*

The Council, acting unanimously on a proposal from the Commission, shall determine the expenditure in respect of which VAT shall not be deductible. VAT shall in no circumstances be deductible in respect of expenditure which is not strictly business expenditure, such as that on luxuries, amusements or entertainment.

Pending the entry into force of the provisions referred to in the first paragraph, Member States may retain all the exclusions provided for under their national laws at 1 January 1979 or, in the case of the Member States which acceded to the Community after that date, on the date of their accession.

*Article 177*

After consulting the VAT Committee, each Member State may, for cyclical economic reasons, totally or partly exclude all or some capital goods or other goods from the system of deductions.

In order to maintain identical conditions of competition, Member States may, instead of refusing deduction, tax goods manufactured by the taxable person himself or goods which he has purchased within the Community, or imported, in such a way that the tax does not exceed the amount of VAT which would be charged on the acquisition of similar goods.

**▼B***CHAPTER 4**Rules governing exercise of the right of deduction**Article 178*

In order to exercise the right of deduction, a taxable person must meet the following conditions:

**▼M9**

- (a) for the purposes of deductions pursuant to Article 168(a), in respect of the supply of goods or services, he must hold an invoice drawn up in accordance with Sections 3 to 6 of Chapter 3 of Title XI;
- (b) for the purposes of deductions pursuant to Article 168(b), in respect of transactions treated as the supply of goods or services, he must comply with the formalities as laid down by each Member State;
- (c) for the purposes of deductions pursuant to Article 168(c), in respect of the intra-Community acquisition of goods, he must set out in the VAT return provided for in Article 250 all the information needed for the amount of VAT due on his intra-Community acquisitions of goods to be calculated and he must hold an invoice drawn up in accordance with Sections 3 to 5 of Chapter 3 of Title XI;
- (d) for the purposes of deductions pursuant to Article 168(d), in respect of transactions treated as intra-Community acquisitions of goods, he must complete the formalities as laid down by each Member State;
- (e) for the purposes of deductions pursuant to Article 168(e), in respect of the importation of goods, he must hold an import document specifying him as consignee or importer, and stating the amount of VAT due or enabling that amount to be calculated;
- (f) when required to pay VAT as a customer where Articles 194 to 197 or Article 199 apply, he must comply with the formalities as laid down by each Member State.

*Article 179*

The taxable person shall make the deduction by subtracting from the total amount of VAT due for a given tax period the total amount of VAT in respect of which, during the same period, the right of deduction has arisen and is exercised in accordance with Article 178.

However, Member States may require that taxable persons who carry out occasional transactions, as defined in Article 12, exercise their right of deduction only at the time of supply.

**▼B***Article 180*

Member States may authorise a taxable person to make a deduction which he has not made in accordance with Articles 178 and 179.

**▼M9***Article 181*

Member States may authorise a taxable person who does not hold an invoice drawn up in accordance with Sections 3 to 5 of Chapter 3 of Title XI to make the deduction referred to in Article 168(c) in respect of his intra-Community acquisitions of goods.

**▼B***Article 182*

Member States shall determine the conditions and detailed rules for applying Articles 180 and 181.

*Article 183*

Where, for a given tax period, the amount of deductions exceeds the amount of VAT due, the Member States may, in accordance with conditions which they shall determine, either make a refund or carry the excess forward to the following period.

However, Member States may refuse to refund or carry forward if the amount of the excess is insignificant.

*CHAPTER 5**Adjustment of deductions**Article 184*

The initial deduction shall be adjusted where it is higher or lower than that to which the taxable person was entitled.

*Article 185*

1. Adjustment shall, in particular, be made where, after the VAT return is made, some change occurs in the factors used to determine the amount to be deducted, for example where purchases are cancelled or price reductions are obtained.

2. By way of derogation from paragraph 1, no adjustment shall be made in the case of transactions remaining totally or partially unpaid or in the case of destruction, loss or theft of property duly proved or confirmed, or in the case of goods reserved for the purpose of making gifts of small value or of giving samples, as referred to in Article 16.

However, in the case of transactions remaining totally or partially unpaid or in the case of theft, Member States may require adjustment to be made.

**▼B***Article 186*

Member States shall lay down the detailed rules for applying Articles 184 and 185.

*Article 187*

1. In the case of capital goods, adjustment shall be spread over five years including that in which the goods were acquired or manufactured.

Member States may, however, base the adjustment on a period of five full years starting from the time at which the goods are first used.

In the case of immovable property acquired as capital goods, the adjustment period may be extended up to 20 years.

2. The annual adjustment shall be made only in respect of one-fifth of the VAT charged on the capital goods, or, if the adjustment period has been extended, in respect of the corresponding fraction thereof.

The adjustment referred to in the first subparagraph shall be made on the basis of the variations in the deduction entitlement in subsequent years in relation to that for the year in which the goods were acquired, manufactured or, where applicable, used for the first time.

*Article 188*

1. If supplied during the adjustment period, capital goods shall be treated as if they had been applied to an economic activity of the taxable person up until expiry of the adjustment period.

The economic activity shall be presumed to be fully taxed in cases where the supply of the capital goods is taxed.

The economic activity shall be presumed to be fully exempt in cases where the supply of the capital goods is exempt.

2. The adjustment provided for in paragraph 1 shall be made only once in respect of all the time covered by the adjustment period that remains to run. However, where the supply of capital goods is exempt, Member States may waive the requirement for adjustment in so far as the purchaser is a taxable person using the capital goods in question solely for transactions in respect of which VAT is deductible.

**▼B***Article 189*

For the purposes of applying Articles 187 and 188, Member States may take the following measures:

- (a) define the concept of capital goods;
- (b) specify the amount of the VAT which is to be taken into consideration for adjustment;
- (c) adopt any measures needed to ensure that adjustment does not give rise to any unjustified advantage;
- (d) permit administrative simplifications.

*Article 190*

For the purposes of Articles 187, 188, 189 and 191, Member States may regard as capital goods those services which have characteristics similar to those normally attributed to capital goods.

*Article 191*

If, in any Member State, the practical effect of applying Articles 187 and 188 is negligible, that Member State may, after consulting the VAT Committee, refrain from applying those provisions, having regard to the overall impact of VAT in the Member State concerned and the need for administrative simplification, and provided that no distortion of competition thereby arises.

*Article 192*

Where a taxable person transfers from being taxed in the normal way to a special scheme or vice versa, Member States may take all measures necessary to ensure that the taxable person does not enjoy unjustified advantage or sustain unjustified harm.

If the customer who is not a member of the regulated gold bullion market is a taxable person required to be identified for VAT purposes in the Member State in which the tax is due solely in respect of the transactions referred to in Article 352, the vendor shall fulfil the tax obligations on behalf of the customer, in accordance with the law of that Member State.

- 2. Where gold material or semi-manufactured products of a purity of 325 thousandths or greater, or investment gold as defined in Article 344(1) is supplied by a taxable person exercising one of the options under Articles 348, 349 and 350, Member States may designate the customer as the person liable for payment of VAT.

2. A Member State wishing to introduce a QRM special measure as provided for in paragraph 1 shall send a notification to the Commission using the standardised form established in accordance with paragraph 4 and at the same time send it to the other Member States. The Member State shall provide the Commission with the information indicating the sector concerned, the type and the features of the fraud, the existence of imperative grounds of urgency, the sudden and massive character of the fraud and its consequences in terms of considerable and irreparable financial losses. Where the Commission does not object, it shall confirm this in writing to the Member State concerned and to the VAT Committee within the same time period. The Member State may adopt the QRM special measure from the date of receipt of that confirmation. In appraising the notification, the Commission shall take into account the views of any other Member State sent to it in writing.

Member States which might encounter difficulties in applying the normal VAT arrangements to small enterprises, by reason of the activities or structure of such enterprises, may, subject to such conditions and limits as they may set, and after consulting the VAT Committee, apply simplified procedures, such as flat-rate schemes, for charging and collecting VAT provided that they do not lead to a reduction thereof.

**▼B****Section 2****▼M27****Exemptions***Article 282*

The exemptions provided for in this Section shall apply to the supply of goods and services by small enterprises.

**▼B***Article 283*

1. The arrangements provided for in this Section shall not apply to the following transactions:

- (a) transactions carried out on an occasional basis, as referred to in Article 12;

**▼M27****▼B**

2. Member States may exclude transactions other than those referred to in paragraph 1 from the arrangements provided for in this Section.

**▼M27***Article 284*

1. Member States may exempt the supply of goods and services made within their territory by taxable persons who are established in that territory and whose Member State annual turnover, attributable to such supplies, does not exceed the threshold fixed by those Member States for the application of this exemption. That threshold shall be no higher than EUR 85 000 or the equivalent in national currency.

Member States may fix varying thresholds for different business sectors based on objective criteria. However, none of those thresholds shall exceed the threshold of EUR 85 000 or the equivalent in national currency.

Member States shall ensure that a taxable person eligible to benefit from more than one sectoral threshold can only use one of those thresholds.

Thresholds set by a Member State shall not differentiate between taxable persons who are established and those who are not established in that Member State.

2. Member States that have put in place the exemption under paragraph 1 shall also grant that exemption to the supplies of goods and services in their own territory made by taxable persons established in another Member State, provided that the following conditions are fulfilled:

- (a) the Union annual turnover of that taxable person does not exceed EUR 100 000;

**▼M27**

(b) the value of the supplies in the Member State where the taxable person is not established does not exceed the threshold applicable in that Member State for granting the exemption to taxable persons established in that Member State.

3. Notwithstanding Article 292b, in order for a taxable person to avail itself of the exemption in a Member State in which that taxable person is not established, the taxable person shall:

- (a) give prior notification to the Member State of establishment; and
- (b) be identified for the application of the exemption by an individual number in the Member State of establishment only.

Member States may use the individual VAT identification number already allocated to the taxable person in respect of that person's obligations under the internal system or apply the structure of a VAT number or any other number for the purpose of the identification referred to in point (b) of the first subparagraph.

The individual identification number referred to in point (b) of the first subparagraph shall have the suffix 'EX', or the suffix 'EX' shall be added to that number.

4. The taxable person shall inform the Member State of establishment in advance, by means of an update to a prior notification, of any changes to the information previously provided in accordance with the first subparagraph of paragraph 3, including the intention to avail itself of the exemption in a Member State or Member States other than the ones indicated in the prior notification and the decision to cease applying the exemption scheme in a Member State or Member States in which that taxable person is not established.

The cessation shall be effective as of the first day of the next calendar quarter following the receipt of the information from the taxable person or, where such information is received during the last month of a calendar quarter, as of the first day of the second month of the next calendar quarter.

5. The exemption shall apply as regards the Member State in which the taxable person is not established and where that taxable person intends to avail itself of the exemption according to:

- (a) a prior notification, from the date of informing the taxable person of the individual identification number by the Member State of establishment; or
- (b) an update to a prior notification, from the date of confirming the number to the taxable person in consequence of his update by the Member State of establishment.

**▼M27**

The date referred to in the first subparagraph shall be no later than 35 working days following the receipt of the prior notification or the update to the prior notification referred to in the first subparagraph of paragraph 3 and in the first subparagraph of paragraph 4, except in specific cases where in order to prevent tax evasion or avoidance Member States may require additional time to carry out the necessary checks.

6. The corresponding value in national currency of the amount referred to in this Article shall be calculated by applying the exchange rate published by the European Central Bank on 18 January 2018.

*Article 284a*

1. The prior notification referred to in point (a) of the first subparagraph of Article 284(3) shall contain at least the following information:

- (d) the total value of supplies of goods and/or services carried out in the Member State in which the taxable person is established and in each of the other Member States during the current calendar year prior to the notification.

The information referred to in point (c) of the first subparagraph of this paragraph has to be given for each previous calendar year belonging to the period referred to in the first subparagraph of Article 288a(1) as regards any Member State which applies the option stipulated therein.

2. Where the taxable person informs the Member State of establishment in accordance with Article 284(4) that it intends to avail itself of the exemption in a Member State or Member States other than the ones indicated in the prior notification, that person is not obliged to give the information referred to in paragraph 1 of this Article in so far as that information has already been included in reports previously submitted under Article 284b.

The update to a prior notification referred to in the first subparagraph shall include the individual identification number referred to in point (b) of Article 284(3).

**▼M27***Article 284b*

1. A taxable person availing itself of the exemption provided for in Article 284(1) in a Member State in which that person is not established in accordance with the procedure under Article 284(3) and (4) shall report for each calendar quarter to the Member State of establishment the following information, including the individual identification number referred to in point (b) of Article 284(3):

2. The taxable person shall communicate the information set out in paragraph 1 within one month from the end of the calendar quarter.

3. When the Union annual turnover threshold referred to in point (a) of Article 284(2) is exceeded, the taxable person shall inform the Member State of establishment within 15 working days. At the same time, the taxable person shall be required to report the value of the supplies referred to in paragraph 1 that have been made from the beginning of the current calendar quarter up until the date the Union annual turnover threshold was exceeded.

*Article 284c*

1. For the purposes of points (c) and (d) of Article 284a(1) and Article 284b(1) the following shall apply:

- (a) the values shall consist of the amounts listed in Article 288;
- (b) the values shall be denominated in euro;
- (c) where the Member State granting the exemption applies varying thresholds as referred to in the second subparagraph of Article 284(1), the taxable person shall be obliged in respect of that Member State to report separately the total value of supplies of goods and/or services as regards each threshold that may be applicable.

For the purposes of point (b) of the first subparagraph, Member States which have not adopted the euro may require the values to be expressed in their national currencies. If the supplies have been made in other currencies, the taxable person shall use the exchange rate applying on the first day of the calendar year. The conversion shall be made by applying the exchange rate published by the European Central Bank for that day, or, if there is no publication on that day, on the next day of publication.

**▼M27**

2. The Member State of establishment may require the information referred to in Article 284(3) and (4) and in Article 284b(1) and (3) to be submitted by electronic means, in accordance with conditions laid down by that Member State.

*Article 284d*

1. A taxable person availing itself of the exemption in a Member State in which that taxable person is not established shall not be required in respect of the supplies covered by the exemption in that Member State:

- (a) to be registered for VAT purposes pursuant to Articles 213 and 214;
- (b) to submit a VAT return pursuant to Article 250.

2. A taxable person availing itself of the exemption in the Member State of establishment and in any Member State in which that taxable person is not established shall not be required, in respect of the supplies covered by the exemption in the Member State of establishment, to submit a VAT return pursuant to Article 250.

3. By derogation from paragraphs 1 and 2 of this Article, where a taxable person fails to comply with the rules provided for in Article 284b, Member States may require such a taxable person to fulfil VAT obligations such as those referred to in paragraph 1 of this Article.

*Article 284e*

The Member State of establishment shall, without delay, either deactivate the identification number referred to in point (b) of Article 284(3) or, if the taxable person continues to avail itself of the exemption in another Member State or other Member States, adapt the information received pursuant to Article 284(3) and (4) as regards the Member State or Member States concerned, in the following cases:

- (a) the total value of supplies reported by the taxable person exceeds the amount referred to in point (a) of Article 284(2);

**▼M27****▼M28***Article 288*

1. The annual turnover serving as a reference for applying the exemption provided for in Article 284 shall consist of the following amounts, exclusive of VAT:

- (a) the value of supplies of goods and services, in so far as they would be taxed were they supplied by a non-exempt taxable person;
- (b) the value of transactions which are exempt, with deductibility of the VAT paid at the preceding stage, pursuant to Article 98(2) or Article 105a;
- (c) the value of transactions which are exempt pursuant to Articles 146 to 149 and Articles 151, 152 and 153;

- (e) the value of real estate transactions, financial transactions as referred to in Article 135(1), points (b) to (g), and insurance and reinsurance services, unless those transactions are ancillary transactions.

2. Disposals of the tangible or intangible capital assets of a taxable person shall not be taken into account for the purposes of calculating the turnover referred to in paragraph 1.

**▼M27***Article 288a*

1. A taxable person, whether or not established in the Member State granting the exemption provided for in Article 284(1), shall not be able to benefit from that exemption during a period of one calendar year where the threshold laid down in accordance with that paragraph was exceeded in the preceding calendar year. The Member State granting the exemption may extend this period to two calendar years.

Where, during a calendar year, the threshold referred to in Article 284(1) is exceeded by:

- (a) not more than 10 %, a taxable person shall be able to continue to benefit from the exemption provided for in Article 284(1) during that calendar year;
- (b) more than 10 %, the exemption provided for in Article 284(1) shall cease to apply as of that time.

Notwithstanding points (a) and (b) of the second subparagraph, Member States may set a ceiling of 25 % or allow the taxable person to continue to benefit from the exemption provided for in Article 284(1) without any ceiling during the calendar year when the threshold is exceeded. However, the application of this ceiling or option may not result in exempting a taxable person whose turnover within the Member State granting the exemption exceeds EUR 100 000.

**▼M27**

By derogation from the second and third subparagraphs, Member States may determine that the exemption provided for in Article 284(1) shall cease to apply as of the time when the threshold laid down in accordance with that paragraph is exceeded.

2. A taxable person not established in the Member State granting the exemption provided for in Article 284(1) shall not be able to benefit from that exemption, where the Union annual turnover threshold referred to in point (a) of Article 284(2) was exceeded in the preceding calendar year.

Where, during a calendar year, the Union annual turnover threshold referred to in point (a) of Article 284(2) is exceeded, the exemption provided for in Article 284(1) granted to a taxable person not established in the Member State granting that exemption shall cease to apply as of that time.

3. The corresponding value in national currency of the amount referred to in paragraph 1 shall be calculated by applying the exchange rate published by the European Central Bank on 18 January 2018.

Where the option referred to in the first paragraph is not exercised, Member States shall put in place a procedure for the identification of such exempt small enterprises by means of an individual number. The identification procedure shall not take longer than 15 working days except in specific cases where in order to prevent tax evasion or avoidance Member States may require additional time to carry out the necessary checks.

*Article 292c*

Member States may release exempt small enterprises established in their territory that avail themselves of the exemption only within that territory from the obligation to submit a VAT return laid down in Article 250.

Where the option referred to in the first paragraph is not exercised, Member States shall allow such exempt small enterprises to submit a simplified VAT return to cover the period of a calendar year. 2. Each Member State may exclude from the flat-rate scheme certain categories of farmers, as well as farmers for whom application of the normal VAT arrangements, or of the simplified procedures provided for in Article 281, is not likely to give rise to administrative difficulties.

The percentages may be rounded up or down to the nearest half-point. Member States may also reduce such percentages to a nil rate.

*Article 299*

The flat-rate compensation percentages may not have the effect of obtaining for flat-rate farmers refunds greater than the input VAT charged.

*Article 300*

The flat-rate compensation percentages shall be applied to the prices, exclusive of VAT, of the following goods and services:

- (1) agricultural products supplied by flat-rate farmers to taxable persons other than those covered, in the Member State in which these products were supplied, by this flat-rate scheme;

2. Member States shall refund to the customer the amount of the flat-rate compensation he has paid in respect of any of the following transactions:

(a) the supply of agricultural products, carried out in accordance with the conditions specified in Article 138, to taxable persons, or to non-taxable legal persons, acting as such in another Member State within the territory of which their intra-Community acquisitions of goods are subject to VAT pursuant to Article 2(1)(b);

*Article 304*

Member States shall take all measures necessary to verify payments of flat-rate compensation to flat-rate farmers.

Whenever Member States apply this flat-rate scheme, they shall take all measures necessary to ensure that the supply of agricultural products between Member States, carried out in accordance with the conditions specified in Article 33, is always taxed in the same way, whether the supply is effected by a flat-rate farmer or by another taxable person.

*CHAPTER 3**Special scheme for travel agents**Article 306*

1. Member States shall apply a special VAT scheme, in accordance with this Chapter, to transactions carried out by travel agents who deal with customers in their own name and use supplies of goods or services provided by other taxable persons, in the provision of travel facilities.

This special scheme shall not apply to travel agents where they act solely as intermediaries and to whom point (c) of the first paragraph of Article 79 applies for the purposes of calculating the taxable amount.

2. For the purposes of this Chapter, tour operators shall be regarded as travel agents.

*Article 307*

Transactions made, in accordance with the conditions laid down in Article 306, by the travel agent in respect of a journey shall be regarded as a single service supplied by the travel agent to the traveller.

The single service shall be taxable in the Member State in which the travel agent has established his business or has a fixed establishment from which the travel agent has carried out the supply of services.

*Article 308*

The taxable amount and the price exclusive of VAT, within the meaning of point (8) of Article 226, in respect of the single service provided by the travel agent shall be the travel agent's margin, that is to say, the difference between the total amount, exclusive of VAT, to be paid by the traveller and the actual cost to the travel agent of supplies of goods or services provided by other taxable persons, where those transactions are for the direct benefit of the traveller.

*Article 309*

If transactions entrusted by the travel agent to other taxable persons are performed by such persons outside the Community, the supply of services carried out by the travel agent shall be treated as an intermediary activity exempted pursuant to Article 153.

If the transactions are performed both inside and outside the Community, only that part of the travel agent's service relating to transactions outside the Community may be exempted.

*Article 310*

VAT charged to the travel agent by other taxable persons in respect of transactions which are referred to in Article 307 and which are for the direct benefit of the traveller shall not be deductible or refundable in any Member State.

**▼B**

3. The contract under which commission is payable on a sale, referred to in point (7) of paragraph 1, must provide that the organiser of the sale is to put up the goods for public auction in his own name but on behalf of his principal and that he is to hand over the goods, in his own name but on behalf of his principal, to the highest bidder at the public auction.

**Section 2****Special arrangements for taxable dealers****Subsection 1****Margin scheme***Article 312*

For the purposes of this Subsection, the following definitions shall apply:

(1) 'selling price' means everything which constitutes the consideration obtained or to be obtained by the taxable dealer from the customer or from a third party, including subsidies directly linked to the transaction, taxes, duties, levies and charges and incidental expenses such as commission, packaging, transport and insurance costs charged by the taxable dealer to the customer, but excluding the amounts referred to in Article 79;

(2) 'purchase price' means everything which constitutes the consideration, for the purposes of point (1), obtained or to be obtained from the taxable dealer by his supplier.

*Article 313*

1. In respect of the supply of second-hand goods, works of art, collectors' items or antiques carried out by taxable dealers, Member States shall apply a special scheme for taxing the profit margin made by the taxable dealer, in accordance with the provisions of this Subsection.

2. Pending introduction of the definitive arrangements referred to in Article 402, the scheme referred to in paragraph 1 of this Article shall not apply to the supply of new means of transport, carried out in accordance with the conditions specified in Article 138(1) and (2)(a).

**▼B***Article 314*

The margin scheme shall apply to the supply by a taxable dealer of second-hand goods, works of art, collectors' items or antiques where those goods have been supplied to him within the Community by one of the following persons:

- (b) another taxable person, in so far as the supply of goods by that other taxable person is exempt pursuant to Article 136;

- (c) another taxable person, in so far as the supply of goods by that other taxable person is covered by the exemption for small enterprises provided for in Article 284 and involves capital goods;

**▼B**

- (d) another taxable dealer, in so far as VAT has been applied to the supply of goods by that other taxable dealer in accordance with this margin scheme.

*Article 315*

The taxable amount in respect of the supply of goods as referred to in Article 314 shall be the profit margin made by the taxable dealer, less the amount of VAT relating to the profit margin.

The profit margin of the taxable dealer shall be equal to the difference between the selling price charged by the taxable dealer for the goods and the purchase price.

*Article 316***▼M32**

1. Subject to no reduced rate having been applied to the works of art, collectors' items and antiques concerned supplied to or imported by a taxable dealer, Member States shall grant taxable dealers the right to opt for application of the margin scheme to the following transactions:

*Article 317*

If a taxable dealer exercises the option under Article 316, the taxable amount shall be determined in accordance with Article 315.

**▼B**

In respect of the supply of works of art, collectors' items or antiques which the taxable dealer has imported himself, the purchase price to be taken into account in calculating the profit margin shall be equal to the taxable amount on importation, determined in accordance with Articles 85 to 89, plus the VAT due or paid on importation.

*Article 318*

1. In order to simplify the procedure for collecting the tax and after consulting the VAT Committee, Member States may provide that, for certain transactions or for certain categories of taxable dealers, the taxable amount in respect of supplies of goods subject to the margin scheme is to be determined for each tax period during which the taxable dealer must submit the VAT return referred to in Article 250.

In the event that such provision is made in accordance with the first subparagraph, the taxable amount in respect of supplies of goods to which the same rate of VAT is applied shall be the total profit margin made by the taxable dealer less the amount of VAT relating to that margin.

2. The total profit margin shall be equal to the difference between the following two amounts:

- (a) the total value of supplies of goods subject to the margin scheme and carried out by the taxable dealer during the tax period covered by the return, that is to say, the total of the selling prices;
- (b) the total value of purchases of goods, as referred to in Article 314, effected by the taxable dealer during the tax period covered by the return, that is to say, the total of the purchase prices.

3. Member States shall take the measures necessary to ensure that the taxable dealers referred to in paragraph 1 do not enjoy unjustified advantage or sustain unjustified harm.

*Article 319*

The taxable dealer may apply the normal VAT arrangements to any supply covered by the margin scheme.

*Article 320*

1. Where the taxable dealer applies the normal VAT arrangements to the supply of a work of art, a collectors' item or an antique which he has imported himself, he shall be entitled to deduct from the VAT for which he is liable the VAT due or paid on the import.

**▼B**

Where the taxable dealer applies the normal VAT arrangements to the supply of a work of art supplied to him by its creator, or the creator's successors in title, or by a taxable person other than a taxable dealer, he shall be entitled to deduct from the VAT for which he is liable the VAT due or paid in respect of the work of art supplied to him.

2. A right of deduction shall arise at the time when the VAT due on the supply in respect of which the taxable dealer opts for application of the normal VAT arrangements becomes chargeable.

*Article 321*

If carried out in accordance with the conditions specified in Articles 146, 147, 148 or 151, the supply of second-hand goods, works of art, collectors' items or antiques subject to the margin scheme shall be exempt.

*Article 322*

In so far as goods are used for the purpose of supplies carried out by him and subject to the margin scheme, the taxable dealer may not deduct the following from the VAT for which he is liable:

- (a) the VAT due or paid in respect of works of art, collectors' items or antiques which he has imported himself;
- (b) the VAT due or paid in respect of works of art which have been, or are to be, supplied to him by their creator or by the creator's successors in title;
- (c) the VAT due or paid in respect of works of art which have been, or are to be, supplied to him by a taxable person other than a taxable dealer.

*Article 323*

Taxable persons may not deduct from the VAT for which they are liable the VAT due or paid in respect of goods which have been, or are to be, supplied to them by a taxable dealer, in so far as the supply of those goods by the taxable dealer is subject to the margin scheme.

*Article 324*

Where the taxable dealer applies both the normal VAT arrangements and the margin scheme, he must show separately in his accounts the transactions falling under each of those arrangements, in accordance with the rules laid down by the Member States.

*Article 325*

The taxable dealer may not enter separately on the invoices which he issues the VAT relating to supplies of goods to which he applies the margin scheme.

**▼B****Subsection 2****Transitional arrangements for second-hand means of transport***Article 326*

Member States which, at 31 December 1992, were applying special tax arrangements other than the margin scheme to the supply by taxable dealers of second-hand means of transport may, pending introduction of the definitive arrangements referred to in Article 402, continue to apply those arrangements in so far as they comply with, or are adjusted to comply with, the conditions laid down in this Subsection.

Denmark is authorised to introduce tax arrangements as referred to in the first paragraph.

*Article 327*

1. These transitional arrangements shall apply to supplies of second-hand means of transport carried out by taxable dealers, and subject to the margin scheme.

2. These transitional arrangements shall not apply to the supply of new means of transport carried out in accordance with the conditions specified in Article 138(1) and (2)(a).

3. For the purposes of paragraph 1, the land vehicles, vessels and aircraft referred to in point (a) of Article 2(2) shall be regarded as 'second-hand means of transport' where they are second-hand goods which do not meet the conditions necessary to be regarded as new means of transport.

*Article 328*

The VAT due in respect of each supply referred to in Article 327 shall be equal to the amount of VAT that would have been due if that supply had been subject to the normal VAT arrangements, less the amount of VAT regarded as being incorporated by the taxable dealer in the purchase price of the means of transport.

*Article 329*

The VAT regarded as being incorporated by the taxable dealer in the purchase price of the means of transport shall be calculated in accordance with the following method:

- (a) the purchase price to be taken into account shall be the purchase price within the meaning of point (2) of Article 312;
- (b) that purchase price paid by the taxable dealer shall be deemed to include the VAT that would have been due if the taxable dealer's supplier had applied the normal VAT arrangements to the supply;

**▼B**

- (c) the rate to be taken into account shall be the rate applicable, pursuant to Article 93, in the Member State in the territory of which the place of the supply to the taxable dealer, as determined in accordance with Articles 31 and 32, is deemed to be situated.

*Article 330*

The VAT due in respect of each supply of means of transport as referred to in Article 327(1), determined in accordance with Article 328, may not be less than the amount of VAT that would be due if that supply were subject to the margin scheme.

Member States may provide that, if the supply is subject to the margin scheme, the margin may not be less than 10 % of the selling price within the meaning of point (1) of Article 312.

*Article 331*

Taxable persons may not deduct from the VAT for which they are liable the VAT due or paid in respect of second-hand means of transport supplied to them by a taxable dealer, in so far as the supply of those goods by the taxable dealer is subject to VAT in accordance with these transitional arrangements.

*Article 332*

The taxable dealer may not enter separately on the invoices he issues the VAT relating to supplies to which he applies these transitional arrangements.

- (d) a taxable dealer, in so far as the supply of goods, carried out by that taxable dealer in accordance with a contract under which commission is payable on a sale, is subject to VAT in accordance with the margin scheme.

*Article 335*

The supply of goods to a taxable person who is an organiser of sales by public auction shall be regarded as taking place when the sale of those goods by public auction takes place.

*Article 336*

The taxable amount in respect of each supply of goods referred to in this Section shall be the total amount invoiced in accordance with Article 339 to the purchaser by the organiser of the sale by public auction, less the following:

The statement issued by the organiser of the sale by public auction must specify separately the amount of the transaction, that is to say, the auction price of the goods less the amount of the commission obtained or to be obtained from the principal.

2. The statement drawn up in accordance with paragraph 1 shall serve as the invoice which the principal, where he is a taxable person, must issue to the organiser of the sale by public auction in accordance with Article 220.

*Article 341*

Member States which apply the arrangements provided for in this Section shall also apply these arrangements to supplies of second-hand means of transport, as defined in Article 327(3), carried out by an organiser of sales by public auction, acting in his own name, pursuant to a contract under which commission is payable on the sale of those goods by public auction, on behalf of a taxable dealer, in so far as those supplies by that taxable dealer would be subject to VAT in accordance with the transitional arrangements for second-hand means of transport.

*Article 343*

Acting unanimously on a proposal from the Commission, the Council may authorise any Member State to introduce special measures to combat tax evasion, pursuant to which the VAT due under the margin scheme may not be less than the amount of VAT which would be due if the profit margin were equal to a certain percentage of the selling price.
